*April 4, 2016*

*Dear colleagues and friends!*

*Belarussian Republican Foundation for Fundamental Research warmly congratulates all scientists, scholars, researchers, and engineers, all staff members on occasion of the 150<sup>th</sup> anniversary of the Romanian Academy!*

*The Romanian Academy has passed through the long history together with the Romanian state and the nation being at the heart of Romanian cultural and intellectual development with many difficult and dramatic events to become the modern centre of science, technology, and culture.*

*We are happy to promote creative cooperation between Romanian and Belarussian Scientists and proudly summarize that since the official agreement between us in 2009 about 30 joint projects have been supported in all fields of science. We shall do our best to further promote our cooperation for the mutual benefits of our countries.*

*We wish all of you creative spirit in laboratories and institutes, new outstanding discoveries and findings, good health to your families and wealth to your homes.*

*Chairman of the Belarussian Republican  
Foundation for Fundamental Research*

*Sergey Gaponenko*
